

Rosendale Volunteer Fire Dept. & EMS Seeking Volunteer Firefighters and EMS Personnel

Since 1909 the Rosendale Volunteer Fire Department has protected our surrounding communities from Fire Emergencies utilizing all volunteers that stepped forward answering the call for their community; whether it be day or night, weekend or holiday. Today the Rosendale Fire Department continues to provide those same Fire/Rescue and Emergency Medical services with those same community volunteers.

The Rosendale Fire Department is accepting applications for future eligible volunteer firefighters and Medical First Responder providers.

We are looking for positive and dedicated individuals who believe in our Fire and EMS mission to serve and protect our community, and to be a part of our fire department team.

You will learn some important life skills, such as how to prevent and fight fires, how to rescue people and sustain them in life threatening situations, and how to operate state of the art firefighting equipment.

Volunteers must be 18 years of age or older, live in the Rosendale Fire District, and have a valid driver's license.

Eligible candidates selected, must be willing to complete the State of Wisconsin Entry Level Firefighter Two Part training program at one of our local community training colleges.

EMS Medical First Responders must complete the Wisconsin Medical First Responder Certified course.

For an application, or more information on how you can help the Rosendale Volunteer Fire Department and your community, please contact Chief Dave McCoy at 920-872-2812 or any one of our Rosendale Volunteer Firefighters or EMS providers for more information.
